Evaluation and funding

- We are in-network with the majority of insurance companies across the country and work with both Medicare and Medicaid.
- From evaluation to implementation, we are here to help you.
- A trial device loaner program is available for the evaluation process.

Eye gaze systems

We partner with the industry leaders in eye gaze technology to offer a wide range of alternative access.

Touch access systems

- iOS options available
- Screen sizes ranging from 6.7" to 13.0"
- Wide selection of communication apps
